

Avinash Sharma

Full-Stack Engineer | MERN Stack

avinashsharma301997@gmail.com | +919518147028

[LinkedIn](#) | [Github](#) | [Portfolio](#)

Skills

Frontend: HTML, CSS, JavaScript, React.js, Next.js

Backend: Node.js, Express.js, MongoDB

Other: C++ , Github, Chrome Dev, Object-Oriented Programming (OOPs).

Projects

Attire-Avenue | React.js, JavaScript, MongoDB, Node.js, Express.js

[Live Link](#)

- Developed a full-stack e-commerce platform, **Attire Avenue**, featuring secure user authentication, product browsing, and a dynamic shopping cart for men's, women's, and kids' apparel.
- Implemented a custom **payment gateway** and seamless checkout process, ensuring smooth transactions and enhancing the overall user experience.

DevFinder | Next.js, MongoDB, Tailwind CSS, Shadcn UI, Zego Cloud

[Live Link](#)

- Collaborated in a team to develop a platform that connects developers with real-world projects, enabling collaboration through WebRTC-based video calls using **Zego Cloud**.
- Contributed primarily to the **frontend development**, focusing on responsive design, user interface optimization, and smooth real-time interaction using **Socket.IO**.

Weather-App | React.js, OpenWeather API, JavaScript

[Live Link](#)

- Developed a responsive weather application providing real-time local and global forecasts using the **OpenWeather API**.
- Implemented dynamic data rendering to accurately display weather details based on user-input city names, ensuring a seamless user experience.

My Portfolio | Next.js, JavaScript, MongoDB

[Live Link](#)

- Designed and developed a modern, responsive portfolio website to showcase my projects, technical skills, and professional background using **Next.js**.
- Implemented smooth navigation, interactive UI components, and optimized performance for an engaging and user-friendly experience across all devices.

Other: [To-Do-List](#)

Achievements

National Engineer's Day.

- Secured **3rd position** in the Technical Project Exhibition competition held at BRCM College of Engineering and Technology, Bahal.
- We competed against nearly 25 competitors and showcased our project, DevFinder, a platform designed to connect developers with real-world projects, demonstrating our expertise in MERN Stack development.

C++ Programming Competition

- Secured **1st position** among 60 participants in an intra-college coding competition held during the 2nd year of B.Tech.
- Solved 40–50 **logic-based programming problems**, demonstrating strong problem-solving skills.

Education

BRCM College of Engineering and Technology, Bahal
B.Tech in Computer Science and Engineering, CGPA 7.6

Aug 2021 - July 2025

Vaish Model Sr. Sec. School - Bhiwani
12th, CBSE, Percentage 86.6%

Apr 2019 - Mar 2020
